

Addition with Regrouping

When adding all pupils, parents and teachers are requested to use the following agreed wording.

$$\begin{array}{r} \text{T} \quad \text{U} \\ 5 \quad 8 \\ +2 \quad 4 \\ \hline \end{array}$$

58 add 24 or 58 plus 24

We begin with the units side

$$\begin{array}{r} \text{T} \quad \text{U} \\ 5 \quad 8 \\ + \quad 2 \quad 4 \\ \hline \end{array}$$

Rule: always start at the top

8 add 4 makes 12

Swop / Regroup 12 units for 1 ten and 2 units

$$\begin{array}{r} \text{T} \quad \text{U} \\ 5 \quad 8 \\ + \quad 2 \quad 4 \\ \hline \end{array}$$

Write the 1 ten beside the other tens

Write the units in units place

$$\begin{array}{r} \text{T} \quad \text{U} \\ 5 \quad 8 \\ + \quad 2_1 \quad 4 \\ \hline \quad \quad 2 \end{array}$$

Add the tens starting from the top

$$\begin{array}{r} \text{T} \quad \text{U} \\ 5 \quad 8 \\ + \quad 2_1 \quad 4 \\ \hline 8 \quad 2 \end{array}$$

We had 58 and added 24

How many altogether?

We have 82 altogether.
